Warum macht es Spaß, viel Geld zu verdienen?

Weil du dich wie Dagobert Duck fühlen und endlich in deinem Geld schwimmen kannst!

Warum lieben Kunden Plugins, die mit 5 Sternen bewertet wurden, so sehr?

Weil sie wissen, dass Plugins mit 5 Sternen garantiert dafür sorgen, dass ihre Webseite wie ein Lamborghini läuft, auch wenn es sich eigentlich um eine klobige alte Webseite handelt.

Steve P. 9:05 AM

Hi everyone!

I'm new to woocommerce and I'm dealing with a problem that I can't solve.

I installed a plugin to make quotations "WooCommerce Request a Quote" but I can not propose a price when quotation.

On the quote page I do have a field to choose the price I propose but this one is not recorded anywhere after sending the quote form and the price remains blocked on 1\$...

Could someone help me?

Thank you in advance

Matthijs B. 9:58 AM

Hi there everyone!

New here but seems like an amazing strong Woo dev community here, nice!

We face an issue we can't find a working solution for. I want to disable "order completed" emails to customers for only specific products (for example ID, categories, tags)

However the solutions I can find did not solve it for us and created errors or still sending the emails (for example, <https://stackoverflow.com/questions/43292048/disable-woocommerce-email-notification-for-specific-product>)

Is there anybody with experience with this or a solution. Would be amazing!

Thanks a lot!

Stack Overflow

Disable WooCommerce email notification for specific product

I can refer to this function to disable email notification:
<https://docs.woocommerce.com/document/unhookremove-woocommerce-emails/>

But I would like to disable it only for a specific product or, if...

Steve P. 3:55 PM

Hi there,

I would like to be able to delete the product image when receiving a quote by email? Is that possible?

David 3:35 PM

Are there any threshold KPIs for users, opting in to freemius trackin? I have a plugin with a private API request and I see that 7-10 users per day are using the API. But on freemius I only see 0-1 sites per day on the 'sites' tab. So that would mean a rather low opt-in rate to me?

Uriahs Victor 11:37 PM

Is there something else you need to do when you enable trials in freemius?

I turned on the option, added the new keys to the SDK

```
array and the menu item still says "Upgrade"
```

2 files

```
'has_premium_version' => true
'has_addons' => true
'has_paid_plans' => true
'trial' => true
'days' => 7
'is_require_payment' => true
'has_affiliation' => true
```

You, February 28th

Provide helpful plugin stats and insights

Reported by: markzahra

Owned by:

Milestone:

Priority: normal

Component: Plugin Directory

Keywords:

Description

In changeset 12097, the active install growth chart shown for each plugin in the plugin directory was removed "due to insufficient data obfuscation".

Reply

These stats are actually very useful for plugin developers and it's really and truly one of the only indications of the growth or decline of a plugin over time. These graphs at least give us an idea of the performance of a plugin before and after we make certain changes, helping us get a better idea of how helpful they are for WordPress users.

They should be brought back and improved rather than taken away, as was brought up in the original discussion in ticket 3016.
